Introduction

Background

At the 13th ASEAN Summit in Singapore in November 2007, ASEAN leaders jointly adopted the [ASEAN Economic Community Blueprint](#) (“AEC Blueprint”), with the goal of establishing ASEAN as a single market and production base, with free flow of goods, services, investments and skilled labor, and freer flow of capital. The AEC Blueprint also sets out a general framework to strengthen ASEAN capital market development and integration.

Pursuant to the [AEC Blueprint](#), the ASEAN Capital Markets Forum (“ACMF”) developed an Implementation Plan to Promote the Development of an Integrated Capital Market to Achieve the Objectives of the AEC Blueprint (“[the Implementation Plan](#)”). The Implementation Plan proposal was approved by the ASEAN Finance Ministers at the 12th ASEAN Finance Ministers’ Meeting in Danang, Vietnam in April 2008. One of the initiatives under the Implementation Plan was to develop a mutual recognition framework to facilitate cross-border offers of collective investment schemes within ASEAN (“ASEAN CIS”).

On 1 October 2013, ACMF announced that the Securities Commission Malaysia, the Monetary Authority of Singapore and the Securities and Exchange Commission, Thailand have signed a Memorandum of Understanding (“MOU”) to establish an ASEAN CIS framework for cross-border offerings of CIS (“ASEAN CIS Framework”). The ASEAN CIS Framework allows the units of an ASEAN CIS authorised in its Home Jurisdiction to be offered in other Host Jurisdictions under a streamlined authorisation process, provided that the ASEAN CIS satisfies the set of common standards specified in the Standards of Qualifying CIS (the “Standards”). A full set of the Standards is available at http://www.theacmf.org/ACMF/upload/standards_of_qualifying_cis.pdf.

As the ASEAN CIS Framework is a new initiative, the participating jurisdictions have published this Handbook to enable industry practitioners to gain an understanding of the different legislative requirements in each participating jurisdiction and the procedures for the cross-border offering of ASEAN CIS.

Purpose

This document seeks to provide guidance to CIS Operators who are seeking to offer their CIS under the ASEAN CIS Framework. It covers:

- the steps that CIS Operators should take to obtain approval from the Home and Host Regulators for the cross-border offering of their funds in a Host Jurisdiction;
- the factors that the Home and Host Regulators will consider when assessing the applications;
- the legislative and regulatory requirements of the participating jurisdictions which are applicable to the offer of an ASEAN CIS in the respective jurisdiction; and
- the manner in which the funds may be distributed in the relevant participating jurisdiction.

Handbook Guidance

A. Procedural matters

Box 1: Assessment to be an ASEAN CIS by the Home Regulator

A CIS Operator who intends to offer a CIS in Host Jurisdictions under the ASEAN CIS Framework must first submit an application to its Home Regulator for the Home Regulator to (i) Approve the CIS for offer to the public in the Home Jurisdiction, and (ii) to assess whether the CIS is suitable to be an ASEAN CIS.

Explanatory text

A CIS Operator who intends to offer a CIS in Host Jurisdictions under the ASEAN CIS Framework must first apply for the CIS to be Approved by the Home Regulator for offer to the public in the Home Jurisdiction. The CIS must also be assessed as suitable to be an ASEAN CIS by the Home Regulator before it can be offered cross-border in the Host Jurisdictions.

In assessing whether a CIS is suitable to be an ASEAN CIS, the Home Regulator will take into consideration, amongst other things, the qualifications of the CIS Operator and the trustee/fund supervisor, the custody arrangements for the CIS' assets, and the CIS' compliance with the product restrictions specified in the Standards of Qualifying CIS.

Where the Home Regulator is satisfied that the CIS Operator, the trustee/fund supervisor and the CIS meet the applicable requirements stated above and the laws and regulations of the Home Jurisdiction, the Home Regulator will issue a letter (in the format set out in Appendix I) to the CIS Operator stating that:

- the CIS has been Approved by the Home Regulator for public offering in the Home Jurisdiction; and
- the Home Regulator has no objection to such CIS being deemed as an ASEAN CIS pursuant to the Standards of Qualifying CIS.

An illustration of the process above can be found in Appendix IV ASEAN CIS approval process – Part A Home Regulator.

Box 2: Application to a Host Regulator

After obtaining the necessary approvals from the Home Regulator, the Qualifying CIS Operator must apply to the Host Regulator for approval to offer the ASEAN CIS in the Host Jurisdiction.

The application must be made using the ASEAN CIS Application Form (set out in Appendix II). The ASEAN CIS Application Form must be completed in English.

Explanatory text

To offer units of an ASEAN CIS in a Host Jurisdiction, a Qualifying CIS Operator must first apply to the Host Regulator for the ASEAN CIS to be Approved for public offer in that jurisdiction.

The Qualifying CIS Operator must submit the ASEAN CIS Application Form (set out in Appendix II) to the Host Regulator. The ASEAN CIS Application Form is intended to provide the Host Regulator with a summary of the pertinent information concerning the Qualifying CIS Operator and the ASEAN CIS. The Host Regulator will review the application under a streamlined authorisation process.

Box 3: Documents to be submitted to the Host Regulator

The following documents must be submitted to the Host Regulator together with the ASEAN CIS Application Form–

- The letter issued by the Home Regulator stating that the CIS has been Approved by the Home Regulator for public offering in the Home Jurisdiction and has no objection to the CIS being deemed as an ASEAN CIS;
- The offering documents which must be in compliance with the Host Jurisdiction's laws and regulations;
- An undertaking to submit to the non-exclusive jurisdiction of the Host Jurisdiction's courts (in the format set out in Appendix III) which must be signed by the Qualifying CIS Operator and the trustee/fund supervisor; and
- Other documents that may be required by the Host Regulator, including other application forms used in the Host Jurisdiction.

Explanatory text

This section sets out the documents and information required by a Host Regulator under the streamlined authorisation process.

The offer of the ASEAN CIS in the Host Jurisdiction must be accompanied by an offering document or prospectus which complies with the laws and regulations in the Host Jurisdiction. The Qualifying CIS Operator can satisfy this requirement by using either:

- the latest version of the offering document/prospectus as approved by, registered or filed with the Home Regulator together with a wrapper which contains the additional information required to be disclosed to investors under the Host Jurisdiction’s laws and regulations; or
- another offering document/prospectus (in addition to the original offering document/prospectus approved by, registered or filed with the Home Regulator) which complies with the Host Jurisdiction’s laws and regulations.

Host Regulators may request for additional supporting documents. Qualifying CIS Operators should familiarise themselves with the relevant laws and regulations of the Host Jurisdiction, which are listed in **Part C - National regulations regarding approval process, disclosure and other requirements**.

An illustration of the process above can be found in Appendix IV ASEAN CIS approval process – Part B Host Regulator.

Box 4: Certification of documents by Qualifying CIS Operator

The ASEAN CIS Application Form and all accompanying documents submitted to the Host Regulator must be in, or translated into, English. and where applicable, must be the latest versions. (unless the Host regulator requires such documents to be translated into official language of the Host Jurisdiction). Where a document is translated into English (or the official language of the Host Jurisdiction, as the case may be) from another language, the Qualifying CIS Operator must certify that the document is a true and accurate translation of the original document.

Explanatory text

To simplify the application process, the Host Regulators will rely on self-certification by the Qualifying CIS Operator for documents that are translated into English from another language (or the official language of the Host Jurisdiction, as the case may be) or vice versa. Where required, the Host Regulators may also require the Qualifying CIS Operator to certify that the documents submitted are the latest versions.

Box 5: Translation of the offering document/prospectus

The offering document/prospectus of an ASEAN CIS submitted to the Host Regulator and made available to investors must be in English. A Host Regulator may require the offering document/prospectus to be translated into the official language(s) of the Host Jurisdiction.

The language requirements of the participating jurisdictions are set out in **Part C. - National regulations regarding approval process, disclosure and other requirements**.

Explanatory text

The offering of an ASEAN CIS must comply with the disclosure requirements in the Host Jurisdiction, including the language(s) in which the offering document/prospectus should be prepared. The documents and acceptable language(s) in each Host Jurisdiction are set out in **Part C. - National regulations regarding approval process, disclosure and other requirements.**

Where the offering document/prospectus is translated into the official language(s) of the Host Jurisdiction, the Qualifying CIS Operator should take steps to ensure that the documents are translated accurately, and certify that the translated documents are a true and accurate translation of the original (as required in Box 4). Certification by notary or similar public agents is not required.

Box 6: The medium for submitting applications to Host Regulator

The ASEAN CIS Application Form as well as other supporting documents (as required in **Box 2** and **Box 3**) must be submitted to the Host Regulator in such manner as may be required by the Host Regulator.

Explanatory text

Host Regulator may accept multiple mediums for receiving application (for example, by mail, by hand or electronically). Where the documents are submitted electronically, hard copies may still be required at the Host Regulator's request.

The acceptable medium for submitting applications to each Host Regulator is set out in **Part C. - National regulations regarding approval process, disclosure and other requirements.**

Box 7: Assessment by Host Regulator

In addition to the review of application for Approval of the ASEAN CIS, a Host Regulator will review the offering document/prospectus for compliance with the Host Jurisdiction's disclosure requirements. The timeframe for the review will be subject to the Host Regulator's discretion.

Explanatory text

In general, the timeframe for the review of ASEAN CIS by a Host Jurisdiction is expected to be comparable to the timeframe for the review of local funds in that Host Jurisdiction. The expected timeframe to review the application under the ASEAN CIS Framework in each Host

Jurisdiction can be found in **Part C. - National regulations regarding approval process, disclosure and other requirements.**

Box 8: The right of refusal by Host Regulator

A Host Regulator retains the right to decline an application from a Qualifying CIS Operator.

Explanatory text

The Host Regulator may decline/reject an application from a Qualifying CIS Operator under certain circumstances including but not limited to the following –

- the Host Regulator is not satisfied that applicable requirements under the laws and regulations of the Host Jurisdiction are fully complied with;
- the Qualifying CIS Operator submits or has been found to have submitted false or misleading information to either the Home Regulator or Host Regulator;
- the Qualifying CIS Operator misrepresents to or has been found to have misrepresented to, defrauds or has been found to have defrauded, investors;
- the Qualifying CIS Operator, the trustee/fund supervisor or the Qualifying CIS contravenes or has been found to have contravened any obligations or provisions in the constitutive documents that are applicable to them;
- the Qualifying CIS Operator or the trustee/ fund supervisor of the CIS fails or has been found to have failed to comply with any resolution passed by unitholders; or
- the Qualifying CIS Operator contravenes or has been found to have contravened any laws, regulations, Standards of Qualifying CIS, or administrative provisions imposed in the Home Jurisdiction or the Host Jurisdiction.

Box 9: Appointment of local distributors and local representatives

The offering of ASEAN CIS to the public in a Host Jurisdiction must be done through local distributors who are local intermediaries licensed or regulated in that Host Jurisdiction.

In addition, a Host Regulator may require the Qualifying CIS Operator of the ASEAN CIS to appoint a local representative who is regulated by or acceptable to the Host Regulator.

Explanatory text

The Qualifying CIS Operator must make arrangements to distribute the ASEAN CIS through local intermediaries licensed or regulated in the Host Jurisdiction.

The appointment of a local representative is subject to the requirements of a Host Jurisdiction. Where there are such requirements, a local representative must be regulated by or acceptable to, the Host Regulator. The local representative is responsible for various functions which may include:

- facilitating dealing in units;
- publishing of unit prices;
- sending of reports to unitholders;
- inspection of constitutive documents;
- maintaining a register of unitholders in the Host Jurisdiction; and
- representing the Qualifying CIS Operator in any dispute resolution scheme in the Host Jurisdiction.

The Qualifying CIS Operator may be required to seek prior approval from the Host Regulator for the appointment of the local representative.

Information on the requirements for local distributors and local representatives in each Host Jurisdiction is set out in **Part C. - National regulations regarding approval process, disclosure and other requirements.**

B. On-going notification and disclosure requirements

Box 10: Updating of offering document/prospectus

The Qualifying CIS Operator is expected to keep the ASEAN CIS' offering document/prospectus accurate and up-to-date.

Where a Qualifying CIS Operator files a supplementary or updated offering document/prospectus with the Home Regulator, it must also update the offering document/prospectus used in the Host Jurisdiction and file the updated document without delay with the Host Regulator according to the regulation stipulated by Host Jurisdiction unless this is not required by the laws and regulations of the Host Jurisdiction.

Explanatory text

It is important that the investors in the Host Jurisdiction have access to the most accurate and up-to-date information on the ASEAN CIS.

The Qualifying CIS Operator should ensure that the offering document/prospectus and the information of an ASEAN CIS are up-to-date.

In addition, a Qualifying CIS Operator may be required, under the Host Jurisdiction's requirements, to lodge/register an updated offering document/prospectus periodically (e.g. annually).

Disclosure requirements of each Host Jurisdiction can be found in **Part C. - National regulations regarding approval process, disclosure and other requirements**

Box 11: On-going reporting

The ASEAN CIS is subject to the on-going reporting requirements in the Host Jurisdictions.

Explanatory text

The Qualifying CIS Operator should comply with the on-going reporting requirements in the Host Jurisdiction at all times, e.g. issuance of semi-annual reports and annual reports. The requirement for on-going reporting is to ensure that investors in the Host Jurisdiction have access to adequate and timely information to assess ASEAN CIS. It is therefore important that the Qualifying CIS Operator familiarize themselves with the relevant on-going reporting laws and regulations of each Host Jurisdiction. These laws and regulations are set out in **Part C. - National regulations regarding approval process, disclosure and other requirements.**

Box 12: Notification of significant changes to Qualifying CIS Operator or ASEAN CIS

A Qualifying CIS Operator is required to inform both the Home and Host Regulators of significant changes to the Qualifying CIS Operator or the ASEAN CIS. In addition, Host Regulators may require the Qualifying CIS Operator to similarly notify investors in the ASEAN CIS.

Explanatory text:

The Qualifying CIS Operator must use its best efforts to provide, without prior request, the Home Regulator and the Host Regulator with any information that it considers to be of assistance to the Home Regulator and the Host Regulator. In particular, the Qualifying CIS Operator must, at a minimum, inform the Home Regulator and the Host Regulator in advance (where practicable) or as soon as possible thereafter, of:

- (a) any material event that could adversely impact the ASEAN CIS or the Qualifying CIS Operator. Such events include known changes in the operating environment, operations, financial resources, management, or systems and control of an ASEAN CIS or the Qualifying CIS Operator;
- (b) any information on any non-compliance of a Qualifying CIS or a Qualifying CIS Operator with Laws and Regulations applicable in its jurisdiction which has significant impact on the operation or activities of a Qualifying CIS or Qualifying CIS Operator
- (c) any regulatory changes that may have a significant impact on the operations or activities of an ASEAN CIS or the Qualifying CIS Operator; and
- (d) any enforcement or regulatory action or sanction that has been or may be taken by the Home Regulator or the Host Regulator, including the revocation or suspension of relevant licences or the Approval, concerning the ASEAN CIS, and the licensing or registration concerning a Qualifying CIS Operator.

The Host Regulator may also require the Qualifying CIS Operator to notify investors of significant changes to the ASEAN CIS before (e.g. 1 month) the change is to take effect.

Box 13: Annual Compliance Audit

A Qualifying CIS Operator is required to appoint an independent auditor to conduct an annual audit of the Qualifying CIS Operator covering, at a minimum, the compliance with the Standards of Qualifying CIS. The Qualifying CIS Operator should provide the auditor's report to the trustee / fund supervisor, the Home Regulator and the Host Regulator.

Explanatory text:

Box 14: Differences in the laws and regulations in the participating jurisdictions

It is important that Qualifying CIS Operators familiarise themselves with the applicable laws and regulations of the jurisdiction in which they intend to offer ASEAN CIS

Explanatory text

As there are differences in the laws and regulations governing the offering of CIS amongst the participating jurisdictions, it is important that CIS Operators familiarise themselves with the applicable laws and regulations of the jurisdiction in which they intend to offer ASEAN CIS. A summary of the relevant laws and regulations of the participating jurisdictions is provided in Appendix V. Detailed information on the relevant laws and regulations of the participating jurisdictions may be obtained from the website of the respective regulator, as provided in Appendix VI.

The relevant requirements for disclosure to unit holders and the SC are in the OMD Guidelines and are reflected as follows:-

Paragraph 6.06(e) of the OMD Guidelines requires information on the fund be provided to unit holders in a timely and efficient manner, including any periodic reports, notices and public announcements issued.

Paragraph 6.06(f) of the OMD Guidelines requires the same information to be sent to SC concurrently.

Chapter 9 of the OMD Guidelines requires statistical reporting on the fund to SC on a monthly basis.

E. Disclosure requirement the NAV

Paragraph 6.06(k) of the OMD Guidelines requires the NAV per unit of the fund to be made publicly available daily. The SC will rely on the requirements of the home regulator of a foreign fund in relation to the decimal places as well as the channels of disclosure.

F. The requirements to notify the significant changes or breaches

Significant changes

In this regards, the SC does not have an exhaustive list of significant changes/events where unit holders/investors and/or SC must be informed. A Qualifying CIS Operator is responsible to ensure compliance with the requirements under the CMSA.

Paragraph 6.06(h) of the OMD Guidelines states the events (non-exhaustive) where SC must be notified as soon as practicable.

Breaches

All breaches must be reported to the SC.

G. Appointing local intermediaries

Registered distributors i.e. IUTA and CUTA as defined under the OMD Guidelines appointed by the operator are permitted to offer, market or distribute the fund in Malaysia (as per paragraph 7.01 of the OMD Guidelines).

H. Appointing a local representative

The following persons have currently been expressly specified under paragraph 6.04 of the OMD Guidelines as eligible to be appointed as a local representative to the fund:

- (a) Holder of a CMSL;
- (b) Registered distributor;
- (c) Audit firm registered with the Audit Oversight Board;
- (d) Trustee registered pursuant to guidelines issued by the SC.

I. Compensation where valuation errors happen⁴

The following are the relevant requirements under the *Guidelines on Unit Trust Funds* :

“Incorrect Valuation/Pricing

⁴ The reason to include I. in the national regulations is that the ACMF specify that where valuation errors happen, the compensation of a CIS operator must be made in compliance with the strictest regulation stipulating the threshold to compensate to investors of the jurisdictions where the ASEAN CIS is offered.

10.42 Where incorrect valuation/pricing occurs, a management company should–

- (a) notify the trustee; and
- (b) notify the SC, unless the trustee considers the incorrect valuation/pricing to be of minimal significance.

10.43 The management company should take immediate remedial action to rectify any incorrect valuation/pricing. Rectification should be extended to the reimbursement of money–

- (a) by the management company to the fund;
- (b) from the fund to the management company; or
- (c) by the management company to unit holders and/or former unit holders.

10.44 Notwithstanding clause 10.43, rectification need not, unless the trustee otherwise directs, extend to any reimbursement where the trustee considers the incorrect valuation/pricing to be of minimal significance.”

As prescribed by the Federation of Investment Managers Malaysia (FIMM) (Malaysia’s unit trust industry self-regulatory body), a management company’s remedial action must extend to the reimbursement of money if the error is at or above the significant threshold of 0.5% of the unit NAV, unless total impact on an individual account is less than RM10. If a single error is protracted over successive days, the threshold is applicable for each day separately. Please also refer to the Investment Management Standards issued by FIMM, IMS-7 “Incorrect Pricing Of Scheme Units: Correction And Reimbursement”. A copy can be downloaded at www.fimm.com.my.

J. Termination of offering of units of ASEAN CIS in Malaysia
(the host country)

A foreign CIS Operator or its representative must inform unit holders of an ASEAN CIS and SC on the termination of offering of units of the ASEAN CIS in Malaysia pursuant to paragraph 6.06(e) and (f) of the OMD Guidelines

K. Tax issues/Tax treatment on ASEAN CIS

1) Taxation of a foreign CIS Operator/foreign ASEAN CIS

The offering/marketing/distribution of an ASEAN CIS in Malaysia would generally not give rise to a Malaysia income tax exposure for the foreign CIS Operator or foreign ASEAN CIS, as the case may be. However, withholding tax may apply based on the tax treaty signed with the respective country.

2) Taxation of an investor

(a) Malaysian local investor receiving dividend income from foreign funds

- The dividend income is foreign-sourced income, so not subject to Malaysian tax.

- However, it may be subject to withholding tax of the foreign country (depending on DTA signed with Malaysia)

(b) Foreign investor receiving dividend income from Malaysian funds

- Non-resident unit holders are not subject to withholding taxes on distribution of income from unit trusts.

Notes

- Based on the assumption that the foreign CIS Operator and foreign ASEAN CIS are not tax residents in Malaysia.

- Please be informed that the above should be independently verified with a Malaysian tax adviser or the Inland Revenue Board of Malaysia.

- Effective 1 April 2015, Goods and Services Tax will be implemented in Malaysia and foreign CIS Operator and foreign ASEAN CIS are advised to seek the opinion of GST experts with regards to its implications

L. Foreign Exchange Control issues/ impact on ASEAN CIS

The proceeds raised from the offering of a RM denominated ASEAN CIS in Malaysia ("RM CIS") can be fully utilised abroad subject to the following requirements set by the Central Bank of Malaysia (Bank Negara Malaysia)

- 1) RM CIS must be offered only in Malaysia;
- 2) All RM settlement and management of RM exposure arising from the issuance of CIS shall be undertaken with an onshore bank;
- 3) Where proceeds from the RM CIS will be invested abroad, such proceeds shall be converted to foreign currency with an onshore bank before remittance abroad;
- 4) Proceeds from the RM CIS shall not be used for investment in RM derivatives or RM instruments offered offshore;
- 5) Resident and non-resident fund managers meet the following eligibility criteria as set out by SC to fully utilise the RM CIS proceeds for investment abroad:
 - (i) CIS is offered in at least 2 other foreign jurisdictions;
 - (ii) 2/3 of CIS is raised outside of Malaysia;
 - (iii) The requirement in (ii) to be complied at all times; and
 - (iv) Submit a compliance report on a monthly basis to SC.

In particular, the CIS Operator must inform the Home Regulator and the Host Regulator in advance (where practicable) or as soon as possible thereafter, of:

H. Appointing a local representative

There must be a representative for the recognised scheme in Singapore to act as a liaison between investors and the CIS operator. The representative must be an individual, a company incorporated in Singapore, or a foreign company registered in Singapore under the Companies Act.

Please refer to section 287 of the SFA for details on the functions that the representative of a recognised scheme has to perform.

Where a CIS operator intends to withdraw the recognition of a scheme or wind up a scheme, it must submit the following (on Form 2-A of the SFR) to MAS:-

- a) an application to withdraw the recognition of a scheme under section 288(7); or
- b) a notice of the proposed winding up of a scheme under section 295(1) of the SFA.

K. Tax issues/Tax treatment on ASEAN CIS

Tax considerations for ASEAN CIS/Qualifying CIS Operator

The offering/marketing of a ASEAN CIS in Singapore, assuming no other activities of the fund or fund manager is conducted in Singapore, would generally not give rise to a Singapore tax exposure for the ASEAN CIS. Similarly, if the Qualifying CIS Operator's activities in Singapore is restricted to just the offering/marketing an ASEAN CIS in Singapore, such activities of the Qualifying CIS Operator should not be exposed to Singapore tax.

⁵ The reason to include G. in the national regulations is that the ACMF specify that where valuation errors happen, the compensation of a CIS operator must be made in compliance with the strictest regulation stipulating the threshold to compensate to investors of the jurisdictions where the ASEAN CIS is offered.

Tax Considerations for investors of an ASEAN CIS

Distributions

Tax is imposed on income accruing in or derived from Singapore. Foreign-sourced income would only be taxable in Singapore if it is received or deemed received in Singapore from outside Singapore. That said, there are exemptions in respect of foreign-sourced income received by a Singapore tax resident individual (other than income received through a partnership) and a Singapore tax resident non-individual.

Sale and redemption of units

Where the sale and redemption of units is regarded as a trading gain, the profit from such a transaction would be regarded as a taxable trading gain and would be subject to tax. Conversely, where the sale and redemption of units is regarded as a capital gain, the profit from such a transaction would not be subject to tax.

The assessment of the nature of the income would depend on the facts and circumstances surrounding the case.

Note: This does not constitute tax advice and investors should seek guidance from the tax professionals.

L. Foreign Exchange Control issues/ impact on ASEAN CIS

Not applicable.

G. Appointing local intermediaries

Local intermediaries

The person whom the SEC permits to be local intermediaries of an ASEAN CIS must be entities who have been granted a brokerage license. The list of securities companies in Thailand who has obtained such a license could be found on the SEC's website (click [here](#)).

Moreover, the SEC requires that there is an Investment Consultant, who has been approved by the SEC, to give investment advice in the offering of units of ASEAN CIS to investors in Thailand.

Sales Conduct

The **sales conduct** stipulated by Notification *No. TorThor. 7/2557* include:

1. The local intermediaries shall provide the service of selling, repurchasing, and redeeming units of ASEAN CIS to a client on condition that the units are in the announced list on the SEC's ASEAN CIS website which has been verified by the SEC under the Notification *No. SorOr. 6/2557*.

 - 4.2 Complying with the requirements as specified by the Notification of the Capital Market Supervisory Board, *No. TorThor. 35/2556* concerning the rules on giving investment advice and providing services related to selling, repurchasing, and redeeming of investment units. Please note that this Notification will come into force on 1st January 2015.

H. Appointing a local representative

According to Notification *No. KorChor. 3/2557*, the purpose of appointing a local representative in Thailand is for coordinating and facilitating the following matters:

- a) Disclosing and sending information of ASEAN CIS as required by law or regulations of Home Regulator to investors or any other information related to ASEAN CIS in which the CIS Operator intends to disclose to investors;
- b) Receiving notice, order, and warrant or any other documents on behalf of the CIS Operator or ASEAN CIS;
- c) Verifying the details of constitutive document for ensuring that ASEAN CIS has conformed to Notification *No. KorChor. 3/2557*; and
- d) Contacting with the ASEAN CIS registrar on behalf of unit holders in Thailand.

Thus, the entity whom the SEC permits to be a local representative of an ASEAN CIS must be either (i) the entity that has been granted securities licenses from the Ministry of Finance (upon the recommendation from the SEC); or, (ii) the entity that acts as a representative office according to Section 93 of the Securities and Exchange Act B.E. 2535. Accordingly, the entity that satisfies the first criteria may include the following entities, provided that they have obtained the securities licenses:

1. Securities companies (Brokerage and Asset Management Companies)
2. Commercial banks;
3. Life Insurance companies; and
4. Other financial institutions as specified in the notification of the SEC;

As for the second criteria, the entities that fall under Section 93 of the Securities and Exchange Act B.E. 2535 refer to the case where the CIS Operator seeks approval from the SEC in establishing their representative offices in Thailand. In such a case, the representative office must be an entity incorporated under the Thai Law with the sole purpose of acting as the representative office for the CIS Operator. And, for that reason, the representative office's revenue may only come from the CIS Operator and not from any other sources of revenue.

I. Compensation where valuation errors happen⁶

Where a valuation error/incorrect pricing occurs, *Part I : Qualifications of the CIS Operator, Trustee/Fund Supervisor, and requirements relating to Approval, Valuation, and Operational Matters* as prescribed in *Appendix C : Standards of Qualifying CIS of the Memorandum of Understanding on Streamlined Authorisation Framework for Cross-border Public Offers of ASEAN Collective Investment Schemes* specifies the rules regarding **compensation** in which the CIS Operator must perform as follows:

1. Compensate the affected investors and notify them of the compensation made.
2. Compensate the scheme for any losses incurred as a result of the valuation error.

The aforesaid compensation must be made in compliance with **the strictest regulation/law** stipulating the threshold to compensate to investors of the jurisdictions in which the ASEAN CIS is offered.

Hence, the CIS Operator must compare the rules specified by Home Jurisdiction and that of the SEC to determine which is the strictest one.

For ease of reference, the **rules specified by the SEC**, Notification *No. SorKhor/Nor. 23/2552*, require the local CIS Operator to perform the following tasks where valuation errors occur:

1. In case where the selling price or redemption price of investment units is incorrect, if such error is **less than 0.01 Baht, or, 0.5 per cent** of the correct value or price, the CIS Operator shall prepare and submit the report to trustee/fund supervisor with the content and procedure as specified by the aforementioned Notification.

In addition, in case that the cause of incorrect value of the selling price or redemption price of investment units affects the next calculation of the value, the CIS Operator shall rectify the value from the date the incorrect value has been acknowledged.

2. In case where the selling price or redemption price of investment units is incorrect and the error is **greater than 0.01 Baht, or, accounts for more than 0.5 per cent of the correct value or price**, the CIS Operator shall proceed, remedy, and report within the period specified by the aforementioned Notification.

Related regulations:

- Notification [*No. SorKhor/Nor. 23/2552*](#)

⁶ The reason to include G. in the national regulations is that the ACMF specify that where valuation errors happen, the compensation of a CIS Operator must be made in compliance with the strictest regulation stipulating the threshold to compensate to investors of the jurisdictions where the ASEAN CIS is offered.

J. Termination of offering of units of ASEAN CIS in Thailand (as a Host Jurisdiction).

1. The conditions that would lead to the termination of units of ASEAN CIS in Thailand include, but not limited to :
 - (1) The termination of units of ASEAN CIS by Home Regulator;
 - (2) Any breaches occurred in the Home Jurisdiction that causes the confirmative letter of the ASEAN CIS, as per Appendix I of this handbook, to be revoked by the Home Regulator; and
 - (3) Any breaches occurred in the Home Jurisdiction or in Thailand where, after the given rectification period, such breaches have not been rectified or proved satisfy by the Home Regulator or the SEC, respectively, which consequently caused the CIS to be removed from the list of Qualifying CIS.
2. In case where the termination of units of ASEAN CIS can be anticipated or is foreseeable due to any circumstances, the CIS Operator must notify the SEC and investors in Thailand without delay or at the same instant as when such information has been communicated to the regulators and investors in the Home Jurisdiction.

K. Tax issues/Tax treatment on ASEAN CIS

Tax consideration for fund manager of an ASEAN CIS:

Whether the fund manager of ASEAN CIS has the duty to pay tax in Thailand or not will depend on the terms and conditions under the Thai Revenue Code as well as the terms and conditions laid down in the DTA signed between the Home Jurisdiction and Thailand. Therefore, the fund manager needs to verify this independently with the Revenue Department of Thailand.

Tax Considerations for investors of an ASEAN CIS:

- For a **Thai local investor** which refers to any investor who stays in Thailand for a period aggregating to 180 days or more in a tax year, or, a **local corporate** who receives dividend income or capital gain from the ASEAN CIS, the following tax treatments shall apply:
 - For local investor, the dividend income and capital gain are required to be included in the gross income when calculating the year-end personal income tax; and
 - For local corporate, the dividend income and capital gain are includable in the net profit computation for corporate income tax purposes.
- **Foreign investor** and **foreign corporate** (established or registered in foreign jurisdiction) who receive dividend income or capital gain from the ASEAN CIS have no duty to pay tax according to the Thai law.

Note: The aforesaid tax treatments also depend on the DTA signed with Thailand

Note: Contents of this section are provided for preliminary information purposes only, and are not to be construed as advice or recommendations. The SEC accepts no liability, direct or indirect, for decisions made based on the information contained.

L. Foreign Exchange Control issues/ impact on ASEAN CIS

1. Both institutional and retail investors are allowed to invest in ASEAN CIS without limitation imposed at personnel/individual level. However, the Bank of Thailand (“**BOT**”) has been granted the authorization to the SEC to allocate foreign investment allotment within 50,000 million United States Dollar (“**USD**”). Hence, foreign investment allotment, including ASEAN CIS for retail investors, must be approved by the SEC. Local intermediaries need to seek the SEC approval and report electronically via FIA system (Foreign Investment Allotment) for each of their clients.
2. The CIS Operator may offer the units of ASEAN CIS in Thailand in either Thai baht (“**THB**”) or USD currency. However, the BOT has a strict policy on the transferring of THB to foreign jurisdictions. Therefore, if the CIS Operator chooses to offer the units of ASEAN CIS in THB, the local distributors will convert THB to USD in the amount equivalent to that being raised in Thailand.
