Dalam mengklasifikasikan sekuriti ini, MPS menerima input dan sokongan daripada SC. Pihak SC mengumpulkan maklumat syarikat melalui pelbagai sumber seperti laporan kewangan tahunan syarikat, maklum balas kepada borang kaji selidik yang dikeluarkan untuk mendapatkan maklumat terperinci dan juga melalui pertanyaan yang dibuat kepada pihak pengurusan syarikat berkenaan. SC melalui MPS akan sentiasa mengawasi aktiviti semua syarikat yang tersenarai di Bursa Malaysia untuk menentukan statusnya daripada perspektif Syariah.

MPS telah menggunakan beberapa kriteria tertentu iaitu kajian ditumpukan kepada aktiviti sesebuah syarikat yang sekuritinya tersenarai di Bursa Malaysia. Oleh yang demikian, tertakluk kepada beberapa syarat yang telah ditetapkan, syarikat yang menjalankan aktiviti selaras dengan prinsip Syariah akan diklasifikasikan sebagai sekuriti yang diluluskan. Sebaliknya, sesebuah syarikat diklasifikasikan sebagai sekuriti yang tidak diluluskan sekiranya syarikat menjalankan aktiviti teras yang tidak diluluskan Syariah seperti yang berikut:

- (a) Perkhidmatan kewangan yang berteraskan *riba* (faedah);
- (b) Perjudian;
- (c) Pengeluaran atau penjualan barangan yang tidak halal atau barangan yang berkaitan;
- (d) Insurans konvensional;
- (e) Aktiviti hiburan yang tidak selaras dengan Syariah;
- (f) Pengeluaran atau penjualan barangan yang berasaskan tembakau atau barangan yang berkaitan;
- (g) Pembrokeran atau jual beli sekuriti yang tidak diluluskan Syariah; dan
- (h) Aktiviti lain yang didapati tidak selaras dengan Syariah.

MPS juga mengambil kira tahap sumbangan daripada pendapatan faedah yang diperoleh syarikat hasil daripada simpanan tetap konvensional atau instrumen kewangan konvensional yang lain. Selain itu, dividen yang diterima daripada pelaburan dalam sekuriti yang tidak diluluskan Syariah juga diambil kira dalam kajian yang dijalankan oleh MPS.

Bagi syarikat yang menjalankan aktiviti bercampur di antara aktiviti yang selaras dan tidak selaras dengan Syariah, MPS mempertimbangkan dua kriteria tambahan iaitu:

- (a) pandangan masyarakat umum tentang imej syarikat berkenaan mestilah baik; dan
- (b) aktiviti teras syarikat mempunyai kepentingan dan *maslahah* (kebaikan secara umum) kepada umat Islam dan negara manakala unsur yang tidak selaras dengan Syariah adalah amat kecil dan melibatkan perkara '*umum balwa*' (perkara terlarang yang sukar dielakkan), '*uruf*' (amalan kebiasaan) dan hak-hak masyarakat bukan Islam yang diperakui oleh Islam.

Untuk penentuan percampuran sumbangan yang dibolehkan daripada aktiviti selaras dan tidak selaras dengan Syariah kepada perolehan dan keuntungan sebelum cukai sesebuah syarikat, MPS telah menetapkan beberapa tanda aras tertentu mengikut *ijtihad* (proses mengeluarkan pendapat daripada sumber Syariah oleh ulama' yang layak). Sekiranya sumbangan daripada aktiviti yang tidak selaras melebihi tanda aras yang telah ditetapkan, maka sekuriti syarikat tersebut akan diklasifikasikan sebagai sekuriti yang tidak diluluskan Syariah. Tanda aras tersebut adalah seperti yang berikut:

a. Tanda aras lima peratus

Tanda aras ini digunakan bagi mengukur tahap percampuran sumbangan aktiviti yang jelas keharamannya (tidak selaras dengan Syariah) seperti *riba* (syarikat berasaskan faedah seperti bank konvensional), judi, minuman keras dan daging babi.

b. Tanda aras 10 peratus

Tanda aras ini digunakan bagi mengukur tahap percampuran sumbangan aktiviti yang melibatkan unsur "*umum balwa*" iaitu perkara terlarang yang melibatkan kebanyakan orang dan sukar untuk dielakkan. Contoh sumbangan tersebut ialah pendapatan faedah daripada simpanan tetap dalam bank konvensional. Tanda aras ini juga digunakan bagi aktiviti yang melibatkan tembakau.

c. Tanda aras 25 peratus

Tanda aras ini digunakan bagi mengukur tahap percampuran sumbangan aktiviti yang secara umumnya selaras dengan Syariah dan mempunyai *masalah* kepada masyarakat awam, namun terdapat unsur lain yang boleh menjejaskan status Syariah aktiviti berkenaan. Antara aktiviti yang mempunyai tanda aras ini ialah aktiviti pengoperasian hotel dan pusat peranginan, perniagaan saham, pembrokeran dan sebagainya kerana aktiviti tersebut berkemungkinan melibatkan aktiviti lain yang tidak selaras dengan Syariah.

Sekuriti yang diluluskan ini termasuk saham biasa, waran dan hak langganan boleh pindah (TSR). Ini bermakna waran dan TSR diklasifikasikan sebagai sekuriti yang diluluskan daripada perspektif Syariah, dengan syarat saham pendasar kedua-duanya merupakan sekuriti yang diluluskan. Walau bagaimanapun, stok pinjaman dan bon ialah sekuriti yang tidak diluluskan melainkan terbitannya berpandukan prinsip Syariah.

Sebagai panduan kepada pelabur, MPS ingin menasihatkan para pelabur mengenai masa yang sesuai untuk melupuskan sekuriti yang tidak diluluskan Syariah.

(i) **"Sekuriti diluluskan" yang kemudiannya bertukar status kepada "tidak diluluskan"**

Ini merujuk kepada sekuriti yang sebelum ini diklasifikasikan sebagai sekuriti yang diluluskan tetapi oleh kerana beberapa alasan, seperti pertukaran dalam operasi syarikat, kemudiannya diklasifikasikan sebagai tidak diluluskan. Oleh yang demikian, sekiranya pada tarikh senarai terkini ini berkuat kuasa (30 April 2004), nilai sekuriti yang dipegang melebihi kos pembelian asal; pelabur yang memegang sekuriti yang tidak diluluskan itu mesti melupuskannya. Sebarang keuntungan modal yang diperoleh daripada pelupusan sekuriti yang tidak diluluskan pada masa pengumuman dibuat boleh diambil oleh pelabur. Walau bagaimanapun, sebarang lebihan keuntungan modal yang diperoleh daripada penjualan selepas hari pengumuman pada harga pasaran yang lebih tinggi daripada harga penutup pada hari pengumuman, hendaklah disalurkan kepada badan kebajikan.

Sebaliknya, pelabur dibenarkan untuk memegang pelaburan mereka dalam sekuriti yang tidak diluluskan sekiranya harga pasaran sekuriti

tersebut adalah bawah kos pembelian asal. Dalam tempoh pegangan itu, pelabur juga dibenarkan untuk menerima dividen sehingga jumlah keseluruhan dividen yang diterima dan nilai pasaran sekuriti yang tidak diluluskan tersebut menyamai kos pembelian asal. Pada ketika itu, pelabur dinasihatkan untuk melupuskan sekuriti tersebut.

Di samping itu, dalam tempoh pegangan itu, pelabur juga dibenarkan untuk melanggan—

- (a) sebarang terbitan sekuriti baru oleh syarikat yang sekuriti tidak diluluskan dipegang oleh pelabur, contohnya terbitan hak, terbitan bonus, terbitan khas dan waran [tidak termasuk sekuriti yang tidak diluluskan seperti stok pinjaman tak bercagar boleh tukar tak boleh tebus (ICULS)]; dan
- (b) sekuriti syarikat lain yang ditawarkan oleh syarikat yang sekuriti tidak diluluskan dipegang oleh pelabur,

dengan syarat mereka menyegerakan proses pelupusan sekuriti yang tidak diluluskan. Bagi sekuriti syarikat lain [seperti yang dinyatakan dalam (b) di atas], sekuriti tersebut mestilah yang diluluskan oleh Syariah.

(ii) Sekuriti yang tidak diluluskan

MPS menasihatkan pelabur yang melabur berpandukan prinsip Syariah supaya melupuskan sekuriti yang tidak diluluskan yang dipegang sekarang, dalam tempoh tidak melebihi satu bulan selepas mengetahui status sekuriti tersebut. Sebarang keuntungan dalam bentuk keuntungan modal atau dividen yang diperoleh ketika atau selepas pelupusan sekuriti berkenaan hendaklah disalurkan kepada badan kebajikan. Pelabur hanya berhak untuk memperoleh kembali kos pembelian asal sahaja.

Perhatian: Kos pembelian asal termasuk kos pembrokeran atau kos transaksi yang berkaitan.

This list of securities approved by the Syariah Advisory Council of the Securities Commission will be updated and made known to the public by the Securities Commission.

The Syariah Advisory Council (SAC) of the Securities Commission (SC) has approved an updated list of securities, which have been classified as Syariah-approved securities. The list of approved securities which are listed on Bursa Malaysia, will take effect from 30 April 2004.

Fifty-five securities, newly classified by the SAC as approved securities, have been added to the list (Table 1). Ten securities which were in the previous list have been excluded (Table 2). The complete list of the 743 approved securities, as well as a breakdown of these securities according to sector, is provided in the Appendix.

In classifying these securities, the SAC received input and support from the SC. The SC gathered information on the companies from various sources, such as company annual financial reports, company responses to survey forms and through inquiries made to the respective company's management. The SC, through the SAC, continues to monitor the activities of all companies listed on Bursa Malaysia to determine their status from the Syariah perspective.

The SAC has applied a standard criterion in focusing on the activities of the companies listed on Bursa Malaysia. As such, subject to certain conditions, companies whose activities are not contrary to the Syariah principles will be classified as approved securities. On the other hand, companies will be classified as non-approved securities if they are involved in the following core activities:

- (a) Financial services based on *riba* (interest);
- (b) Gambling;
- (c) Manufacture or sale of non-*halal* products or related products;
- (d) Conventional insurance;
- (e) Entertainment activities that are non-permissible according to Syariah;
- (f) Manufacture or sale of tobacco-based products or related products;
- (g) Stockbroking or share trading in Syariah non-approved securities; and

- (h) Other activities deemed non-permissible according to Syariah.

The SAC also takes into account the level of contribution of interest income received by the company from conventional fixed deposits or other interest bearing financial instruments. In addition, dividends received from investment in Syariah non-approved securities are also considered in the analysis carried out by the SAC.

For companies with activities comprising both permissible and non-permissible elements, the SAC considers two additional criteria:

- (a) The public perception or image of the company must be good; and
- (b) The core activities of the company are important and considered *maslahah* ('benefit' in general) to the Muslim *ummah* (nation) and the country, and the non-permissible element is very small and involves matters such as *'umum balwa* (common plight and difficult to avoid), *'uruf* (custom) and the rights of the non-Muslim community which are accepted by Islam.

To determine the tolerable level of mixed contributions from permissible and non-permissible activities towards turnover and profit before tax of a company, the SAC has established several benchmarks based on *ijtihad* (reasoning from the source of Syariah by qualified Syariah scholars). If the contributions from non-permissible activities exceed the benchmark, the securities of the company will be classified as Syariah non-approved. The benchmarks are:

a. The five-percent benchmark

This benchmark is used to assess the level of mixed contributions from the activities that are clearly prohibited such as *riba* (interest-based companies like conventional banks), gambling, liquor and pork.

b. The 10-percent benchmark

This benchmark is used to assess the level of mixed contributions from the activities that involve the element of "*umum balwa*" which is a prohibited element affecting most people and difficult to avoid. An example of such a contribution is the interest income from fixed deposits

in conventional banks. This benchmark is also used for tobacco-related activities.

c. The 25-percent benchmark

This benchmark is used to assess the level of mixed contributions from the activities that are generally permissible according to Syariah and have an element of *maslahah* to the public, but there are other elements that may affect the Syariah status of these activities. Among the activities that belong to this benchmark are hotel and resort operations, share trading, stockbroking and others, as these activities may also involve other activities that are deemed non-permissible according to the Syariah.

Approved securities include ordinary shares, warrants and transferable subscription rights (TSRs). This means that warrants and TSRs are classified as approved securities from the Syariah perspective, provided the underlying shares are also approved. On the other hand, loan stocks and bonds are non-approved securities unless they are issued based on Syariah principles.

As a guide to investors, the SAC would like to advise investors on the timing for the disposal of securities which have been classified as Syariah non-approved.

(i) "Approved securities" which are subsequently considered "non-approved"

This refers to those securities which were earlier classified as approved securities but due to certain reasons, such as changes in the companies' operations, are subsequently considered non-approved. In this regard, if on the date this updated list takes effect (30 April 2004), the value of the securities held exceeds the original investment cost; investors who hold such non-approved securities must liquidate them. Any capital gains arising from the disposal of the non-approved securities made at the time of the announcement can be kept by the investors. However, any excess capital gains derived from the disposal after the announcement day at a market price that is higher than the closing price on the announcement day should be channelled to charitable bodies.

On the other hand, investors are allowed to hold their investment in the non-approved securities if the market price of the said securities is below the original investment costs. It is also permissible for the investors to

keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the non-approved securities held equal the original investment cost. At this stage, they are advised to dispose of their holding.

In addition, during the holding period, investors are allowed to subscribe to—

- (a) any issue of new securities by a company whose non-approved securities are held by investors, for example rights issues, bonus issues, special issues and warrants [excluding securities whose nature is non-approved e.g. irredeemable convertible unsecured loan stock (ICULS)]; and
- (b) securities of other companies offered by the company whose non-approved securities are held by the investors,

on condition that they expedite the disposal of the non-approved securities. For securities of other companies [as stated in (b) above], they must be Syariah-approved securities.

(ii) Non-approved securities

The SAC advises investors who invest based on Syariah principles to dispose of any non-approved securities which they presently hold, within a month of knowing the status of the securities. Any gain made in the form of capital gain or dividend received during or after the disposal of the securities has to be channelled to charitable bodies. The investor has a right to retain only the original investment cost.

Note: Original investment cost may include brokerage cost or other related transaction cost.
