## **Schedule C**

## **VALUATION**

(1) The management company must value investment instruments using the valuation basis as set out in the table below:

| Investment instruments   | Valuation basis   |
|--|---|
| Investment instruments that are listed and quoted on an exchange | The official closing price or last known transacted price on the eligible market on which the investment is quoted.   |
|  | However, if the price is not representative or not available to the market, the investments must be valued at fair value.   |
| Investment instruments not listed or quoted on an exchange       | (a) Fair value;   |
|  | (b) For variable-priced fund, amortised cost accounting may be used subject to the following:   |
|  | (i) Only permitted to be used to value money market instruments with remaining term to maturity of not more than 90 calendar days at the time of acquisition; and |
|  | (ii) The management company must have in place adequate   |

| Investment instruments | Valuation basis  |
|------------------------|--|
|                        | measures and safeguards to properly address relevant risks associated with the use of amortised cost accounting. |

- (2) The management company must ensure that -
  - (a) the fair value is determined with due care and in good faith; and
  - (b) the basis for determining the fair value of the investment is approved by the trustee (after appropriate technical consultation) and is documented.
