## Chapter 1

### INTRODUCTION

- 1.01 The *Capital Markets and Services Act 2007* (CMSA) repeals the *Securities Industry Act 1983* (SIA) and the *Futures Industry Act 1993* (FIA). The CMSA which takes effect on 28 September 2007 introduces a single licensing regime for capital market intermediaries. Under this regime, a capital market intermediary will only need one licence to carry on the business in any one or more regulated activities. This will mean less cost and paperwork for capital market intermediaries who carry on more than one regulated activity.
- 1.02 This handbook sets out–
- (a) the single licensing regime under the CMSA;
  - (b) the criteria to be met for applying and varying a licence;
  - (c) the application procedures; and
  - (d) ongoing obligations imposed on licensed persons, including conditions and restrictions attached to a licence.
- 1.03 This handbook replaces the following guidelines:
- (a) *Guidelines for Dealers and Dealer's Representatives Under the SIA;*
  - (b) *Guidelines for Fund Managers and Fund Manager's Representatives Under the SIA;*
  - (c) *Guidelines for Investment Advisers and Investment Representatives Under the SIA;*
  - (d) *Guidelines for Futures Brokers and Futures Broker's Representatives Under the FIA;*
  - (e) *Guidelines for Futures Fund Managers and Futures Fund Manager's Representatives Under the FIA;*
  - (f) *Guidelines for Futures Trading Advisers and Futures Trading Adviser's Representatives Under the FIA;*
  - (g) *Guidelines for Submission Through the Electronic Licensing Application System; and*
  - (h) *Guidelines on Permitted Activities for Stockbroking Companies.*
- 1.03A The SC may, upon an application, grant an exemption from or a variation to the requirements of this handbook if the SC is satisfied that–
- (a) such variation, if granted, is not contrary to the intended purpose of the relevant provision in this handbook; or
  - (b) there are mitigating factors which justify the said exemption or variation.

**Note that:**

The SC can institute an action against any person contravening the requirements specified in this handbook, including administrative actions against licensed persons; and

## Chapter 2

### LICENCES UNDER THE CMSA

#### 2.01 What is a CMSL and a CMSRL?

- (1) The CMSA provides for two types of licences:
  - Capital Markets Services Licence (CMSL) which entitles an institution to carry on the business in any one or more regulated activities; and
  - Capital Markets Services Representative's Licence (CMSRL) which entitles an individual to carry on any one or more regulated activities on behalf of his principal.
- (2) Only a holder of a CMSL or a CMSRL can carry on any of the regulated activities that the CMSL or CMSRL permits.

#### **Note to representatives:**

##### **Note 1**

You can only carry on regulated activities that your principal is licensed to carry on.

**For example,** if you carry on the regulated activity of financial planning, then your principal must be licensed to carry on that activity.

##### **Note 2**

The combination of activities that a representative is allowed to carry on depends on the nature of the activities, and whether there are inherent conflicts arising from simultaneously carrying on the activities.

**For example,** if you are an employee of an investment bank licensed to carry on the full range of regulated activities, including dealing in securities and advising on corporate finance activities, it is unlikely that you will be allowed to carry on dealing in securities and advising on corporate finance, both at the same time.

##### **Note 3**

If your activity of corporate finance also involves assisting your principal in its underwriting arrangements, you will need to be licensed for the two regulated activities, i.e. advising on corporate finance and dealing in securities. In this instance, your dealing capability will be restricted to the underwriting arrangements that relates to the transaction which you had provided corporate finance advice on. You will not, however, be required to sit for any additional licensing examination for your dealing activities.

***Obligations on anniversary of licence***

- (3) The licence of CMSL and CMSRL holders is valid in perpetuity. However, both CMSLs and CMSRLs will continue to have obligations on the anniversary of their licences.

**2.02 What are regulated activities?**

- (1) There are eight types of regulated activities under the CMSA. The list of regulated activities is set out in Schedule 2 of the CMSA. They are–
- dealing in securities;
  - dealing in derivatives;
  - clearing for securities or derivatives;
  - fund management;
  - dealing in private retirement schemes;
  - advising on corporate finance;
  - investment advice; and
  - financial planning.
- (2) The licence issued under the CMSA will set out the specific regulated activities that you can conduct.

**Illustration 1**

An investment bank applies to the SC for approval to carry on the full range of regulated activities under the CMSA. In this case, the licence will indicate that the investment bank is allowed to carry on all the following regulated activities:

- Dealing in securities;
- Dealing in derivatives;
- Clearing for securities or derivatives;
- Fund management;
- Dealing in private retirement schemes;
- Advising on corporate finance;
- Investment advice; and
- Financial planning.

**Validity of the licensing examination**

- (6) Your examination result is valid for two years from the date of passing each module of the SC licensing examination. You must ensure that your examination results are valid at the time of your application.
- (7) There are three instances in which we will not apply the general rule on validity of licensing examination. These are as follows:
- (a) You have passed the SC licensing examination while under the employment of a CMSL holder and remain working in the capital market industry. You may apply for a CMSRL without having to resit the licensing examination;
  - (b) You have passed the SC licensing examination while under the employment of a CMSL holder, and you resign to take up employment outside the industry before being licensed. If you return to the industry, you may apply for a CMSRL without having to resit the licensing examination, provided your application is made within three years from the date you left the industry; and
  - (c) You were previously licensed and have left the industry. You may reapply for a CMSRL to undertake the same regulated activity for which you were previously licensed without having to resit the SC licensing examination, provided your application is made within three years from the date you left the industry.

### APPLICATION PROCEDURES AND FEES

#### 6.01 General

- (1) This chapter will provide you with information on–
  - forms to be used for various applications and notifications;
  - application procedures;
  - fees to pay for applications or notifications; and
  - time lines to adhere to as licensed persons.

#### 6.02 What is the electronic licensing application system?

- (1) All licensing applications, except for applications for a new CMSL, are to be made online to the SC via the Electronic Licensing Application system (ELA). As licensed persons, you must familiarise yourselves with the system. Further information on ELA can be found in Appendix 2.
- (2) When submitting an application or notification to the SC through ELA, you must ensure that all forms are printed out and duly signed by the relevant persons as indicated in the forms. The particulars on your printed copy must be the same in content as that which you will submit through ELA.
- (3) We will notify your application results via e-mail, except under circumstances where we have grounds for a refusal to grant a licence. In such cases, we will issue a letter.
- (4) As a CMSL holder, you must apply to the SC for access to ELA within three months from the date you obtain your licence. This is necessary because specific applications and notifications to us, including the appointment of directors, chief executives and notification of any material change to information submitted earlier, must be made through ELA.
- (5) In addition, you must also ensure that sufficient funds in the ELA account are maintained at all times to facilitate any payments or changes on the application or notification made to the SC.

#### 6.03 What is our commitment?

- (1) In reviewing your licence application, the Authorisation & Licensing Department of the SC will comply with our clients' charter which is ISO 9001:2008 certified.
- (2) We are committed to satisfy all market participants by providing quality, professional and excellent service through a transparent process in a timely manner, and to strive for continuous improvement.
- (3) Our clients' charter for processing time is as follows:
  - a) Six weeks for new CMSL applications which are complete upon submission and meet the SC's fit and proper criteria; and
  - b) Two weeks for all new CMSRL applications which are complete upon submission and meet the SC's fit and proper criteria.

#### 6.04 How to apply for a new licence?

- (1) Upon satisfying relevant requirements as set out in Chapter 4 or 5, you must fill the relevant forms outlined in Table 7 to apply for a CMSL or CMSRL to carry on any one or more regulated activities. You can refer to Appendix 3 for the list of documents which must accompany your applications.
- (2) Due to the nature and amount of information and documents required for a new CMSL, you cannot apply through ELA. Instead, you must submit the relevant information and documents required in printed and soft copies (thumb drive or CD-ROM). You must also submit the fees together with the application, in the form of bank drafts or cheques, made payable to the “Securities Commission Malaysia” and sent to the address stated in paragraph (8) of Appendix 2.

- (4) Upon receiving your application for a new CMSL, we may conduct the necessary background checks on you, your directors, managers, and controllers to ensure that none of the grounds for refusal of a licence as provided for under sections 64 of the CMSA applies.
- (5) If you apply for a new CMSRL with an existing CMSL holder, you must submit your application through ELA. Such an application must be made through your principal, who must be responsible for verifying your good character, reputation and competency.
- (6) Upon our approval, details of your new licence will be published at the SC’s website under public register of licensed holder at <http://www.sc.com.my/licensing/public-register-of-licence-holders>.
- (7) With effect from 1 January 2015, the SC no longer issues a physical licence. All licence persons who hold the physical licences that have been issued prior to this date must return their physical licences to the SC upon variation, revocation or cessation of their regulated activities.

**Note to applicants:**

Before you apply for a CMSL, you must make sure that you–

- know your business and understand which regulated activity you need to apply for to enable you to carry on your business;
- understand the obligations of a CMSL holder and have appropriate systems and processes in place to meet them; and
- are able to support your application with any document we may request.

You should only apply for the regulated activity that is relevant to your business. Do not apply for a regulated activity just in case you might want to do it in the future.
